

Inspire Action through Strategic Branding

Ignite Change through Storytelling

Fortify Brands for the Digital Age

A passion-driven team with big dreams; that was how our story began in 2009.

We were a start-up agency founded by four passion-driven individuals who aspired to be in the business of making people fall in love with brands and stories. In the years that followed, we have learnt important lessons that growth is not possible without the courage to think differently, push boundaries and shift the status quo.

2018 marked a turning point for us – we embarked on a new chapter as an integrated, one-stop centre for your brand and creative solutions. Our evolution is powered by our aspirations as well as the growing needs of businesses. Today, we are at our strongest. In all that we do, our North Star remains absolute: creating inspiring brands that become a part of the fabric of Malaysian society.

Our Beliefs

Live and Breathe Our Passion

Every experience we craft is an echo of our passion for what we do.

Co-create through Empathy

The philosophy is simple: listening to the people we're telling stories about is critical to what we do.

Channel Chaos into Growth

We believe that achieving progress means being unafraid to experiment in how we do things.

Work Hard, Play Harder

We believe creativity and creatives are nurtured when they are given the right space to do so.
